

AWS Mission

Put machine learning in the hands of every developer.

Why AWS?

- AWS offers the broadest and deepest set of AI and ML services with unmatched flexibility.
- You can accelerate your adoption of machine learning with AWS SageMaker. Models that previously took months and required specialized expertise can now be built in weeks or even days.
- AWS offers the most comprehensive cloud offering optimized for machine learning.
- More machine learning happens at AWS than anywhere else.

AI Services

VISION	SPEECH	TEXT	CHATBOTS	PERSONALIZATION	FORECASTING
 AMAZON REKOGNITION	 AMAZON POLLY	 AMAZON TRANSLATE	 AMAZON LEX	 AMAZON PERSONALIZE	 AMAZON FORECAST
			FRAUD		DEVELOPMENT
			 AMAZON FRAUD DETECTOR		 AMAZON CODEGURU
			CONTACT CENTERS		SEARCH
			 CONTACT LENS		 AMAZON KENDRA

ML Services

 Amazon SageMaker	Ground Truth	AWS Marketplace for ML	NEO	Augmented AI				
SageMaker Studio IDE								
Built-in algorithms	Notebooks	Experiments	Processing	Model Processing & tuning	Debugger	Autopilot	Model hosting	Model Monitor

ML Frameworks + Infrastructure
